

California OES Weather Threat Briefing

Saturday, March 28, 2020
9:00 AM PDT

- **Day 1 (Friday):** Gusty winds, rain and snow expected across northern and central parts of CA today

National Weather Service
*Western Region Headquarters
Regional Operations Center
Salt Lake City, UT*

WEATHER KEY POINTS

03/28/20 - 04/03/20

Saturday-Sunday

- A storm will move across northern and central CA over the weekend, bringing valley rain and mountain snow.
 - Minor travel impacts are possible in the Sierra due to accumulating snow and gusty winds.

Monday-Thursday

- High pressure returns for Monday with current forecast trends suggesting mostly dry and seasonable weather next week for southern CA.
 - Weak weather systems moving through the Pacific Northwest may bring periods of light rain and mountain snow showers to northern CA.
 - No significant travel impacts are expected.
